

# Cheewathun Lerttanapit

## Junior Software Developer

As a career switcher, I'm passionate about technology and interested in frontend or fullstack development. I'm committed to continuous learning in software development and have completed the Junior Software Developer bootcamp. I'm prepared to apply my knowledge to work with MongoDB, Express.js, React.js, and Node.js. With experience in developing using the MERN stack and strong problem-solving, collaboration, time management, and attention to detail skills, I'm eager to apply my knowledge to contribute to meaningful work in a dynamic environment.

- Git

## Experience

### Junior Software Developer Program Cohort 4

Generation Thailand

Feb 2023- May 2023

- Built a project for an activity tracking app called "G-won Trainee" using the MERN stack, including MongoDB, Express.js, React.js, and Node.js
- Actively engaged in the Behavioural Skills and Mindsets (BSM) program to enhance my soft skills and mindset, with a focus on improving communication, collaboration, problem-solving, time management, and attention to detail
- Implemented Agile Methodology for Project Management
- Collaborated with a teammate to provide assistance with coding and work-related challenges
- Completed several mini projects using HTML, CSS, JavaScript and React

### Personal Business and Part-time job

Dec 2019 - Dec 2022

- Developed the ability to communicate effectively with customers and improve problem-solving skills
- Developed strong planning and time management skills, resulting in successful and timely completion of tasks within deadlines and improved productivity

### Assistant Manager

Food Selection Co.,Ltd

Aug 2019 - Dec 2019

- Developed strong customer service skills by providing exceptional service to customers and addressing their concerns and inquiries
- Gained experience in multitasking and prioritizing tasks in a fast-paced environment to ensure timely service and customer satisfaction
- Collaborated with team members to maintain a clean and organized work environment, ensuring smooth operations and efficient service

### Internship

ALS Laboratory Group (Thailand) Co., Ltd.

Jun 2017 - Jul 2017

- Developed strong problem-solving skills by analyzing and identifying issues, developing solutions, and making decisions based on experimental results
- Collaborated with colleagues to share responsibilities, communicate effectively, and work towards a common goal
- Gained experience in planning and organizing experiments, utilizing strong planning and organizational skills to ensure the successful completion of experiments

## Core Strengths

- Strong teamwork and interpersonal skills, with the ability to work effectively with diverse groups of people
- Proactive learner, always eager to acquire new knowledge and skills
- High level of responsibility, excellent human relations, enthusiastic, and patient
- Strong ability in planning and coordinating tasks or projects
- Developed a can-do attitude, approaching challenges with a positive and solution-oriented mindset
